Albert C. Dunn Jr

Bailey & Wyant, PLLC defends local Veterinarian for a trial Win

Bailey & Wyant PLLC's Of Counsel, Albert C. "Abbie" Dunn Jr., won a trial in which a veterinarian was accused of having committed malpractice in failing to ensure that a pet that had been euthanized and held for a period of time was not provided to the client in a physical shape that would fit within a container chosen by the client for burial.

The Court held that there was no duty on behalf of the veterinarian to ensure that a euthanized pet be returned to its owner in a specific shape allowing the client to choose an undisclosed container for burial.
