

IDAHO

SUMMARY JUDGMENT

**Scanlan Griffiths
+ Aldridge**

Kevin Griffiths and Jaime Matier secured summary judgment for a propane supplier in a large-scale subrogation action concerning damages to several adjoining properties following the explosion of a condominium. They were able to successfully exclude the testimony of the Plaintiffs' expert witnesses due to inadequate disclosure. The Court found that, without those experts, the Plaintiffs would be unable to prove breach of the standard of care or causation of damages, resulting in dismissal of all claims with prejudice.
