

TEXAS HOUSTON DISMISSAL OF ALL CLAIMS

RAMEY, CHANDLER, QUINN & ZITO, P.C.

Wade Quinn and Lance Olinde obtained a dismissal of all claims against the firm's client, a server of alcohol at a restaurant/bar that served alcohol to a patron who was later involved in an accident that killed a passenger and injured the driver and her vehicle. Brought under Section 2.02 of the Texas Alcohol Beverage Code (TABC), the suit sought to affix dram shop liability to a server as a "provider", even though the server is not the entity to whom a license permit is issued by the TABC.
